

# What is Okaou? How Does It Work?

To read together, so your child understands their safety tool.

## Your Okaou card is your superhero card.

It's small and goes everywhere with you. You can keep it in your backpack, on your jacket, in your pocket, or even in your shoes!

## Did you know your card has a superpower?

It can call Mom and Dad for you, even if you don't have a phone.

## How does it work ?

On your card, there is a small square with many dots. It's called a QR code.

When someone points their phone at this code, as if they were taking a photo, the phone displays how to contact Mom and Dad.

Try it on your card!

## Let's practice together!

Ask your child to take out their card and show it to you as if you were a stranger. Scan it together. They will understand the mechanism.
